

Hello. I am reaching out to you in hopes you can provide me with contact information which would be useful for locating and hiring an Occupational Health Nurse. I work as the Safety Specialist at the Food Lion distribution center in Dunn, NC and we are interested in exploring the possibility of contracting onsite medical personnel to evaluate workplace injuries. Please let me know if you are able to assist us or provide me with any information which could help us accomplish this goal. Thank you.

Respectfully,

Jeremy Fishback  
Occupational/ Food Safety Specialist
